ABOUT US

Members give back to the community by participating in important volunteer efforts, **with more than 30 organizations having benefited** from the Junior League's assistance through time volunteered and financial support. Your sponsorship makes a lasting and positive impact right here in Martin County.

Since 1992, we have made a **tremendous impact** on and investment in the community. Over the past **25+ years** the League has positively impacted the local area by focusing on community issues, at-risk children, the environment, and nonprofit support. A few organizations we have had a major impact with are the Florida Oceanographic Society, 10th Street Community Center, Gertrude Walden Child Care Center, and PACE Center for Girls. We were also involved with the inception of the Children's Museum of the Treasure Coast – one of the go-to local museums for children & families.

MISSION

The Junior League of Martin County, Inc. (JLMC) is an organization of women whose mission is to advance women's leadership for meaningful community impact through volunteer action, collaboration and training.

COMMUNITIES**

OUR COMMUNITY IMPACT

For more than a century, The Junior League has prepared women to lead... to challenge the status quo for the vital purpose of enhancing the social, cultural and political fabric of our civil society. Today, The Junior League of Martin County (JLMC) spearheads initiatives that will advance women's leadership and increase our community impact. Our approach is simple. Through hands-on training and formal learning opportunities, we give women the skills they need to improve the quality of life in the communities they serve. In continuation of our League's tradition of identifying problems and finding solutions in a collaborative way, we align our initiatives within three impact areas: women, children, and civic leadership. Examples of our recent community impact initiatives include providing supplies to young adults aging out of foster care; updating the reading walk at 10th Street Community Center; and providing scholarships to Martin County graduates.
